U.S. FISH AND WILDLIFE SERVICE

As the Nation's principal conservation agency, the Department of the Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering the wisest use of our land and water resources, protecting our fish and wildlife, preserving the environmental and cultural values of our national parks and historical places, and providing for the enjoyment of life through outdoor recreation. The Department assesses our energy and mineral resources and works to assure that their development is in the best interests of all our people. The Department also has a major responsibility for American Indian reservation communities and for people who live in island territories under U.S. administration.

PROPAGATION AND DISTRIBUTION OF FISH FROM NATIONAL FISH HATCHERIES FOR FISCAL YEAR 1974

Prepared by the Division of Fish Hatcheries

This report on fishes and fish eggs distributed by national fish hatcheries for the period July 1, 1973, to June 30, 1974, is a continuation of a series of publications issued since 1872. Records of hatchery outputs were published in annual reports of the U. S. Commission of Fish and Fisheries through 1903 and in annual reports appendixes of the Bureau of Fisheries of the Department of Commerce until 1940. From 1941 through 1962, these tabulations were presented as "Statistical Digest." Beginning in 1963 these reports became known as the "Fish Distribution Report." Report number 2 for 1965 and 1966 established the fiscal year as the period of coverage.

The National Fish Hatchery System produces primarily salmon, trout, catfish, pike, bass, and sunfish. Several additional species of fish are produced or collected for use as test animals in various research projects.

The goal of the Fish and Wildlife Service is to assist in meeting the public demand for recreational fishing while maintaining the Nation's fishes and their habitats at a level and in a condition that will assure their continued survival. Distribution of fish from the Federal hatchery system assists in meeting this goal in accordance with the following objectives:

a. To maintain existing sport fishery populations at the level required to meet public demand to the maximum extent feasible.

b. To increase fishing opportunities by restoring destroyed or depleted fisheries.

c. To create greater fishing opportunities by upgrading existing fish populations, developing fisheries in new waters and introducing new species.

d. To protect the Nation's fisheries by limiting the introduction or distribution of diseased fish and their attendant pathogens.

e. To control the distribution and population levels of exotic species.

f. To carry out responsibilities established by treaties and other commitments of the Federal Government to maintain or restore fish resources.

It is the policy of the Fish and Wildlife Service to allocate or distribute the output of its fish hatcheries in the following order of priority:

(1) Primary obligation is the stocking of international waters

such as coastal and Great Lakes areas, and waters on land owned, controlled, and managed by Federal agencies or recognized Indian tribes. (International treaties or Cooperative Agreements usually involved.)

(2) Waters on land owned by the Federal Government and managed by State agencies. (Cooperative Agreements usually involved)

(3) Waters on State or privately owned land managed by a Federal Agency. (Cooperative Agreements usually involved)

(4) Waters which border or cross State boundaries.

(5) Waters owned and managed by State agencies. (Cooperative Agreements occasionally involved)

(6) Privately owned waters.

The present system for allocating fish to the several classes of water has been used by the Federal Government since 1949. The records system used to report stocking of fish was completely revised as of January 1, 1966, to provide more current data and better identification of the various program areas. As a result of the development of fishery management programs, long-range stocking requirements have been determined in many States and Federal areas. Fish stocking requests are now provided by fishery program managers for the various management programs, and it is no longer necessary or desirable to receive individual stocking requests for public waters. Fish are allocated, however, on an individual basis for newly created waters and special programs that meet the present Fish and Wildlife Service criteria for stocking.

HATCHERIES

New units receiving funds in FY-1974 for completing or continuing the construction programs were:

Warm Springs (Oregon)	$1,300,000
Makah (Washington)	500,000
Green Lake (Maine)	160,000
White River (Vermont)	600,000
Allegheny (Pennsylvania)	150,000

Existing units receiving funds in FY-1974 for expansion, modernization, repair of facilities, and for water pollution abatement were:

Hagerman (Idaho)	$ 300,000*
Alchesay (Arizona)	275,000*
Pendills Creek (Michigan)	175,000*
Mammoth Springs (Arkansas)	60,500
Pisgah Forest (North Carolina)	150,000
Lamar-Tylersville (Pennsylvania)	200,000
Pittsford (Vermont)	175,000
*Water pollution abatement funds	
Pollution abatement total	$1,275,000
Repair existing	60,500
New units	2,710,000
Total FY-1974 NOA	$4,045,500

The Fish and Wildlife Service groups the States into six regions and an Alaska Area Office as follows:

Region 1—P. O. Box 3737, Portland, Oregon 97208 — Alaska, California, Hawaii, Idaho, Nevada, Oregon, Washington.

Region 2—P. O. Box 1306, Albuquerque, New Mexico 87103 — Arizona, New Mexico, Oklahoma, Texas.

Region 3—Federal Building, Fort Snelling, Twin Cities, Minnesota 55111 — Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin.

Region 4—17 Executive Park Drive, N.E., Atlanta, Georgia 30329 — Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee.

Region 5—John W. McCormack Post Office and Courthouse, Boston, Massachusetts 02109 — Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire,

New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and the District of Columbia.

Region 6—P. O. Box 25486, Denver Federal Center, Denver, Colorado 25486 — Colorado, Iowa, Kansas, Missouri, Montana, Nebraska, North Dakota, South Dakota, Utah, Wyoming.
